District 23 Alt DCM Report

May 2026

Submitted by William Burgun

With the arrival of spring and warmer weather I have found myself traveling to meetings throughout the district. I appreciate meeting and speaking with folks throughout the area. I had the opportunity to attend a service workshop in Lower Burrell hosted by district 27, and, I spent a weekend in Cranberry Township attending my first PCAW event.

Being involved in AA service has allowed me to expand and deepen my commitment to personal growth and recovery by strengthening my ties to the greater AA community and practice the principals or service and commitment often shared within our fellowship. I appreciate the opportunity to be a part of our fellowship and ability to be part of the "we" which makes recovery possible.

Yours in Service,
Bill Burgun
